PROFILE

Graduate in AI & Big Data from the École Polytechnique de Lomé and IBM Data Science Professional certified, I combine strong skills in Python, SQL, ETL and Machine Learning. Curious, rigorous and problem-solving oriented, I want to contribute to Data Science projects and use data to support decision-making.

PROFESSIONAL EXPERIENCE

Tutor in Computer Programming (Python), Artificial Intelligence and English 04/2026 – Present

Ministry of Public Service Efficiency and Digital Transformation, Togo & Kira

Technical support for learners on the fundamentals of Python programming and artificial intelligence concepts.

Data & AI Intern: Active Holidays in Business Project, 2026 Edition 09/2026 – 10/2026

HTAG-HUB GROUP SARL

Participation in the company's digital and technology projects, contributing to the design, development and implementation of digital solutions.

Finalist, CIF National Innovation Hackathon, DigiCoop-WA+ 2026 (CoopScore Team) 13-15/09/2026

Confederation of Financial Institutions of West Africa (CIF)

Design and development of the Machine Learning component of CoopScore, a microcredit scoring solution: data preparation, feature engineering, model training and evaluation, scoring design, and exposure of the model through a FastAPI API for integration into the backend.

Finalist, National Tech Santé Challenge 2026 (ÉMERGENCE Team) 02/2026 – 03/2026

Ministry of Public Service Efficiency and Digital Transformation, Togo

Design of the data architecture of the AmbuTogo solution. Contribution to setting up data pipelines and processing geolocation data to optimize emergency interventions.

Data & AI Intern 08/2025 – 09/2025

École Polytechnique de Lomé

Design and implementation of an automated system for collecting and structuring unstructured text data.

PROJECTS

- AgroPrice, Prophet model to forecast agricultural prices in Togo: <https://github.com/IsacFreedom/AgroPrice>
- CashScore, alternative credit scoring model based on Mobile Money data: <https://github.com/IsacFreedom/CashScore>

SKILLS

- Languages: Python, SQL
- Data analysis: Pandas, NumPy, Matplotlib, Seaborn
- Machine Learning: Scikit-learn
- Data Engineering: ETL, FastAPI, PostgreSQL, Git

EDUCATION

Bachelor's degree in AI and Big Data 2022 – 2026

École Polytechnique de Lomé, Lomé, Togo

Scientific Baccalaureate (Série D) 2019 – 2022

Lycée de Notsé-Kpota, Notsé, Togo

CERTIFICATIONS

- IBM Data Science Professional Certificate: <https://coursera.org/verify/professional-cert/TQ1XQ12J8C18>
- Google AI Professional Certificate: <https://coursera.org/verify/professional-cert/52VY3OE7FBOH>

LANGUAGES & QUALITIES

Languages: French (native) • English (Intermediate, B2 level)

Qualities: Analytical mind, Rigor, Curiosity, Collaboration, Punctuality
